PETITION AND RESPONSE TO NOTIFICATION

Box PCT
Commissioner for Patents
Washington, DC 20231

Sir:

A notification has been issued in the above-referenced application regarding the signatures of the inventors upon Entry into the United States National Phase. The named inventors at the time of filing the original PCT Request, as well as at the time of Entry in the United States National Phase were: BECKER, Jeffery M.; HAUSER, Melinda; DONHARDT, Amy; and BARNES, David. Entry into the National Phase was effected without signatures of the inventors on a Declaration and Power of Attorney. This deficiency was rectified by the filing of a Combined Declaration and Power of Attorney. Unfortunately, Ms. Donhardt had, in the interim, become married and changed her name to Amy Wiles. She indicated this on the Declaration by crossing out the name of DONHARDT, inserting the name of WILES, and signing the application in the name of Wiles.

The NOTIFICATION from the PCT office notes the change in name and suggests that, under MPEP § 605.04 that a petition under Rule 182 (Questions Not Specifically Provided For) is appropriate. Accordingly, applicants hereby Petition the Commissioner to

change the name of the applicant Amy DONHARDT to Amy WILES in the above referenced application. Submitted herewith is a Declaration of Amy Wiles indicating that the change of name was pursuant to her marriage of August 11, 2001. Also enclosed is a check in the amount of \$130 to cover the Petition Fee.

With this, applicants suggest that the previously submitted Combined Declaration and Power of Attorney was signed by all inventors, and respectfully request it be accepted and entered in this case.

Respectfully Submitted
